My Scandinavian Trip

On this sweet visit to Lyn Oslo
I have come to show genuine interest of desire
For as tears drop at Old Trafford
The team's midfield cries for John Obi Mikel

This is the name that you shoulder
Even though you're known by another
And Chelsea nurse ideas of wooing you from me
Capturing you is to realize my theater of dreams

So, up my game I shall in this asking-price threesome
Being I know you surpass the exchange of currency
Still must I do what it takes
To beat those men of blue to you, and colonize you for good

That's why I have taken this trip
A purely golden john-ney that has landed me in Your-way...
